Today

Today

A **Ticket** is how we manage assistance requests placed through Dynamic Support.

Every ticket has its own identification code and is visible from the moment it's opened until its resolution, giving the customer an easy way to be **constantly updated** on their request status.

Account creation

It is **recommended** to have an account for Dynamic Support.

Signing up isn't required to open a ticket, but you won't be able to use the monitoring functions without an account.

To sign up or log in, press the «**Log in**» button and follow the steps.

Tech Support Tickets

Tech Support Tickets

Tech Support Tickets can be used to request any kind of information regarding a product, such as:

- **Specific technical data/documentation requests**
 - Modes of installation
 - Product configuration
 - Identifying alternatives

Tech Support tickets can't be used for cases such as:

- **Malfunctioning products**
 - Commercial info
 - Etc...

Opening a Tech Support Ticket

You can open a Tech Support Ticket directly on the Dynamic Support **Home Page**:

Welcome! If you have some question or some problems you can open a ticket.
We will reply you within 16 hours.

Come possiamo aiutarti?

Open a Support Ticket

Send us a technical request / Inviaci una richiesta tecnica

Open Complaint Ticket

You will be redirected to the Tech Support **form**.

Filling a support request form

Completely filling all voices in the tech support request form **significantly** impacts on the ticket's resolution time.

It's important to:

- Choose the correct **priority**
- Provide the related **product codes**
- Make a **detailed** and **exhaustive** description of the request

There's never too much information: the more we have, the faster and better suited to your needs our answer will be.

Dynamic Support User Guide

- Section 3 - Complaint Tickets

Complaint Tickets

Complaint Tickets can be used to return or request assistance on an already bought product. Some examples are:

- Assistance on a malfunctioning product
- Returning/replacing a product under warranty
- Requesting a product analysis or repair

Complaint Tickets can't be used for cases such as:

- Difficulties while installing a product
- Problems with documentation (manuals, datasheets...)
 - Etc...

Opening a Complaint Ticket

You can open a Complaint Ticket directly on the Dynamic Support **Home Page**:

You will be redirected to the complaint request **form**.

Welcome! If you have some question or some problems you can open a ticket.

We will reply you within 16 hours.

Open a Support Ticket

Send us a technical request / Inviaci una richiesta tecnica

Open Complaint Ticket

Filling a complaint request form

Filling the form in a complete and detailed manner is of high importance for a **fast and precise** answer.

The information we recommend putting in the form are:

- **Product application description**
- **Working environmental conditions**
- **Detailed product fault/malfunctioning description**
- **Product's functionality inside the application**

In case more information are needed our technicians will directly contact you.
